PROFILE

A detail-oriented computer science student with exceptional skills in configuring and maintaining software and hardware. Highly effective in team environments, with a motivated and outgoing personality. Possesses an enthusiastic attitude and a strong desire to learn, constantly expanding skill set. Demonstrates the ability to handle multiple tasks efficiently and excels in a fast-paced setting.

EXPERIENCE

TEC-INTERNSHIP [2020-Ongoing], Ballerup

- Object- Oriented Design and UML Diagrams: Utilized object-oriented design principles and created UML diagrams to design user interfaces effectively.
- Database Design and optimization: Designed and implemented optimized database structures and relationships to enhance data storage and retrieval efficiency.
- LINQ Querying and Data Analysis: Leveraged C# programming skills to write efficient and effective LINQ queries for data manipulation and analysis.
- Front-end development: Developed and implemented UI designs using C# WPF and ASP.NET, Angular focusing on creating user-friendly and visually appealing applications.
- Backend integration and Data Management: Demonstrated proficiency in integrated backend systems with SQL server and MS-SQL ensuring efficient data management through CRUD operations.

LAVEN PHARMA A/S [2011-2013], India

Data Analyst

- Monitored product performance and market trends, providing insights and recommendations for product enhancement.
- Conducted in-depth sales analysis by collecting and analyzing data from multiple sources.
- Developed statical models to forecast sales trends and identify key growth opportunities.
- Created comprehensive reports and presentations using Excel.
- Researched and created detailed description of pharmaceutical products, collaborating with Marketing teams.

EDUCATION

[2020-Ongoing]

Data and Communication with programmør

[2009-2011]

Master's in business administration JNTU University India

[2006-2009]

Bachelors in computer science
ANU University, India

CERTIFICATIONS

[2023]

AI Fundamentals Certification from Microsoft.

[2022]

Cloud Computing Certification from Redi School
Digital Integration.

[2021]

CCNA Certification from CISCO.

[2020]

Python Certification from Datacamp.

DIGITAL SKILLS

Python

Asp.net, C#

.Net API

SQL, Relational database design

Git, GitHub

Excel

Angular

LANGUAGE SKILLS

English -Workning proficiency

Danish -Limited proficiency

Telugu -Native
